Landscape Architecture Intern – Burlington, VT

T. J. Boyle Associates, a landscape architecture and planning firm practicing for over 48 years in Burlington, Vermont, is accepting applications for a 2016 summer intern.

We are a small office that handles a wide range of projects throughout Vermont, New England, and the United States. The position offers the opportunity to work on a variety of projects including master planning for mixed-use and sustainably oriented developments, residential, commercial, and institutional projects, scenic assessment and aesthetic analysis, 3D visualization and photographic simulation, and GIS mapping and analysis. Due to the variety of projects, the selected candidate will gain exposure to a wide range of computer programs such as AutoCAD, ArcGIS, 3DS Max Design, and Adobe Creative Suite.

If you enjoy a diverse project palette and desire to work in a closely knit team environment, please respond with your resume and examples of work.

**Education Requirements:** Must be currently enrolled in an undergraduate or graduate degree program in landscape architecture from an accredited university.

About Burlington, Vermont:
Located on the eastern shore of Lake Champlain between the Adirondack and Green Mountains, Burlington is one of America’s most livable cities. Burlington has won numerous national awards, including “No. 1 of Top 10 Cities to Have It All” (Arts & Entertainment Network), and is nationally recognized for its community philosophies of sustainability.
