Important Information

This Commuter Form cancels your housing assignment and/or application, terminates your residence hall contract, and removes your residency requirement, thus making you ineligible for on campus housing until all current and required students have been housed.

If you selected an assignment or applied for a residence hall space, you will be subject to the cancellation fee schedule and assessed a cancellation fee. Please refer to the website for the current fee schedule.

If you wish to seek a residence hall assignment in the future, please note that you will only be eligible during room selection periods reserved for off-campus students. Regardless of your class year, housing will no longer be guaranteed and you will be housed only if space is available. For additional information regarding our policies and procedures, including the cancellation of your housing assignment and the cancellation fee schedule, please consult the UMASS housing website at www.umass.edu/living.

I verify that the information above is in compliance with the Board of Trustee Policy
