

Office of Academic Planning & Assessment (OAPA)

OAPA supports the University's assessment and evaluation priorities by marshaling evidence and promoting its use to inform the University's strategic planning priorities.

OAPA Evidence Update:

University-wide insights into UMass Amherst undergraduate, graduate, and alumni experiences

In an effort to enhance our communications with campus colleagues and facilitate access to our most recent research reports, OAPA is launching an Evidence Update series. This first OAPA Evidence Update features twelve reports that offer wide-ranging insights about the characteristics and experiences of undergraduates, graduate students, and recent alumni.

Click on the links below to access the reports.
