## Definitions and Notes.

This report is divided into six sections. The first section reports on all Massachusetts Community College transfers who applied to the University of Massachusetts Amherst. Section 2 reports the same data for all students from the four Western Massachusetts community colleges combined: Berkshire, Greenfield, Holyoke and Springfield Technical Community Colleges. Sections 3-6 report the data for each of the Western Massachusetts Community Colleges individually. This report **includes** students who applied to programs administered by Continuing and Professional Education (e.g. University Without Walls).

**Tables 1 & 2.** Applications, Acceptances and Enrollments by Sending Institution. Number of students who applied, accepted and enrolled through the transfer admission process from each MA community college.

**Figure 1.** Applications, Acceptances and Enrollments. The number of students who applied, accepted and enrolled through the transfer admission process from fall 2014 through spring 2019.

**Figure 2.** Entering Students by School/College of Major. The number of transfer students who enrolled according to the school or college of their major.

- HFA—College of Humanities and Fine Arts
- CICS—College of Information and Computer Sciences
- CNS—College of Natural Sciences
- SBS—College of Social and Behavioral Sciences
- EDUC—College of Education
- ENG—College of Engineering
- ISOM—Isenberg School of Management
- NUR—College of Nursing
- PHHS—School of Public Health and Health Sciences
- OTH—Other programs (typically undeclared/University Without Walls)
- % STEM: Percentage of students who entered with Science, Technology, Engineering or Mathematics majors
- % CHC: The percentage of students who entered into the Commonwealth Honors College

**Figure 3.** Enrollment of Entering Transfers by Sex and Full-Time Status. The number of students who entered in the fall or spring semester. Full-time—student enrolled for 12 or more credits.

**Figure 4.** Distribution of Entering Transfers by Race/Ethnicity. The proportion of students in each racial/ethnic category. The percentages are based on the number of U.S. citizens (or immigrants) who report race/ethnicity. Excludes students who do not report race/ethnicity. Self-report of race/ethnicity is voluntary. Underrepresented minority (URM) includes American Indian/Alaska Native, Black/African American, Hawaiian/Pacific Islander, Hispanic Latino, and those who declared multiple race/ethnicities (except Asian and White).

**Figure 5.** Entering Transfers by Admissions Type and Level. The number of students who entered as part of a Joint Admission/MassTransfer articulation agreement and those who entered through the normal transfer admission process. Also reports the number of students who entered as upper division (57 or more credits) and those who entered as lower division (fewer than 57 credits).

**Figure 6.** Entering and First-Year GPA of Full-time MassTransfer Students. The GPA earned at the sending community college and GPA at the end of the first year at UMass Amherst. Numbers reported for students who entered as part of the Joint Admissions/MassTransfer program.

**Figure 7.** One-Year Retention of Full-time MassTransfer Students. The percentage of students who entered in a fall semester and returned or graduated after the first year. Students who withdrew are assigned to one of two categories—those withdrawing with a cumulative grade point average of greater than or equal to 2.0 (the GPA required to be in good academic standing), or less than 2.0. Data are reported for Joint Admissions/MassTransfer students only. Number of students in each entering cohort (No. Entering) is also reported. The data for Berkshire Community College are not represented graphically because the numbers are too small to draw meaningful comparisons from year to year.

**Figure 8.** Graduation Rates of Full-time MassTransfer Students. The percentage of students who graduated in 2, 3, 4 or more than 4 years from fall semester of entry. Percentages are cumulative. Number of students in each entering cohort (No. Entering) is also shown. The data for Berkshire Community College are not represented graphically because the numbers are too small to draw meaningful comparisons from year to year.

**Figures 9-12.** These figures are presented for all Massachusetts community colleges and the four Western Massachusetts community colleges combined. Numbers are too small to display by individual institution. Number of students in each entering cohort (No. Entering) is also reported.

**Figure 9.** One-Year Retention of Full-time Non-MassTransfer Students. The percentage of students who entered in a fall semester and returned or graduated after the first year. Students who withdrew are assigned to one of two categories—those withdrawing with a cumulative grade point average of greater than or equal to 2.0 (the GPA required to be in good academic standing), or less than 2.0. Data are reported for Non-Joint Admissions/Non-MassTransfer students only. Number of students in each entering cohort (No. Entering) is also reported.

**Figure 10.** Graduation Rates of Full-time Non-MassTransfer Admits. The percentage of students who graduated in 2, 3, 4 or more than 4 years from point of entry. Percentages are cumulative. Data are reported for Non-Joint Admissions/Non-MassTransfer students only.

**Figure 11.** Graduation Rates of Full-time MassTransfer Students with Entering GPA of less than 3.0. The percentage of full-time Joint Admit/MassTransfer students who graduated in 2, 3, 4 or more than 4 years from point of entry who entered with a transfer GPA of less than 3.0. Percentages are cumulative.

**Figure 12.** Graduation Rates of Full-time MassTransfer Students with Entering GPA 3.0 or above. The percentage of full-time Joint Admit students who graduated in 2, 3, 4 or more than 4 years from point of entry who entered with a transfer GPA of 3.0 and above. Percentages are cumulative.

**Underrepresented Minority (URM):** Includes American Indian/Alaska Native, Black/African American, Hawaiian/Pacific Islander, Hispanic Latino, and those who declared multiple race/ethnicities (except Asian and White).

**STEM:** Science, Technology, Engineering, and Mathematics.

**Note:** Caution should be used when interpreting rates based on relatively small populations (e.g. less than 100).
