INTRODUCTION

REPORTING ADMISSIONS AND ENROLLMENT

Information for this report is drawn from the Student Information System (SPIRE). This is a transactional system that represents the campus' official actions with respect to student admissions and enrollment.

Admissions and enrollment activity is ongoing, but a "snapshot" of the data is taken at the end of the add/drop period (the fourteenth calendar day of each semester). These data are then processed and verified before they are put into table form for publication.

We report enrollment activity at three levels. The *school* or *college* is the basic level of analysis. Within this, activity is shown by *department* or *program*, and within department or program by *discipline* or *major*, where appropriate (thus, enrollment of Earth Systems majors is shown within the Geosciences Department within the College of Natural Sciences). Admissions activity is reported only at the school or college level.

Calculation of undergraduate enrollment data for student majors and instructed students is based upon students' *primary* and *secondary* majors. Reporting conventions for students with multiple majors are as follows: (1) Headcount student majors are computed using all declared majors, (2) FTE student majors are distributed to all major programs, and (3) instructional credit for majors is based on students with any declared major. At the school and college level the number of primary and secondary majors is reported. Graduate enrollment is based on a student's primary major. See **Enrollment Definitions** for a more detailed explanation.

ADMISSIONS DEFINITIONS

Admissions data for applications, acceptances (admits) and enrollments are reported based on the major to which the student applied. Entering enrollment numbers are based on the students' actual enrolled major.

Undergraduate students may be admitted into their 1st choice major or, if they have applied to a restricted program, an alternate major. An applicant to a restricted major who is not admitted to the program but admitted to the university is counted as an alternate major. An applicant to a non-restricted major who changes their major at the time of admission or enrollment is counted as a 1st choice major in their applied program. For example, an applicant to the restricted Engineering program is counted as an alternate major if they are not admitted into the Engineering program but admitted to an Exploratory Track program. An applicant to the English program, who enrolls in the History program, is counted as an applicant to English and as a 1st choice major admission in English.

ENROLLMENT DEFINITIONS

Headcount Student Majors is the actual count of individual students who have selected a given major or pre-major. Every student is assigned a “major”, even though it may be only an administrative classification (e.g., “non-degree” or “undeclared”).

At the undergraduate level, the count of student majors includes students’ declared *primary* and *secondary* majors. In the case of multiple majors, the enrollment is attributed to both departments. For example, if a student declares a primary major in Communication and a secondary major in Political Science, both departments in their respective colleges receive credit for the enrollment.

Undergraduate Class Level is calculated using the number of credits earned towards graduation. The following credit ranges are used to calculate class level: first-year 0-26; sophomore 27-56; junior 57-86; and senior 87 or more.

Full-Time Equivalent (FTE) Student Majors show how many headcount students there would be if all students took a “full” credit load (15 credits for undergraduates; 9 for graduate students). We look at the credits generated by students within each major regardless of where the courses are offered and then divide by 15 or 9, as appropriate. For undergraduate FTE student majors, their credits are distributed based on the number of declared majors. As in the previous example, half of the student’s total credits would be assigned to Communication, and half would be assigned to Political Science.

FTE Instructed Students is a measure of instruction offered and consumed, regardless of the majors of the students taught. We look at the credits generated in the courses offered by each discipline, calculate full-time equivalency, and then distribute instruction according to “majors” and “non-majors.” FTE instructed “majors” are defined as students with any declared major within the department or program offering the course; instructional credits for “majors” are assigned when the student taking the course is also a major in the department offering the course. All other students, including those without a declared major or pre-majors, are defined as “non-majors.” In the case of the student with majors in Communication and Political Science, FTE’s generated in Communication and Political Science would be classified as instruction to majors in the respective departments.

Unlike FTE Student Majors, calculation of FTE Instructed Students depends on the level of the course being taken and the level of the student taking the course. For undergraduate courses (those numbered 100-499) we always divide by 15, whether the student is undergraduate or graduate. Similarly, for graduate courses (those numbered 600-899) we always divide by 9. For courses numbered 500-599, however, we look to see what kind of student is taking the course: if undergraduate, we divide by 15; if graduate, we divide by 9.

DATA COMPARABILITY

Admissions and enrollment data presented in this report are based on the current organizational structure of academic units and departments. During the course of any given semester, organizational, departmental or programmatic changes may occur. Therefore, numbers may not be directly comparable to previous semesters due to the consolidation, reassignment, or suspension of selected academic programs. In many cases, these changes (e.g., program name change, addition or consolidation of undergraduate majors) do not affect the numbers at the school or college level. In addition, enrollment numbers are not directly comparable to semesters before Fall 1995 due to the inclusion of students with multiple majors.

ORGANIZATIONAL AND OTHER CHANGES

The following changes are in effect for Academic Year 2018-2019:

- UMass Amherst became the degree-granting authority for the Veterinary Technology (AA and BS degrees) at the Mount Ida Campus. These programs are reported under “Other Programs.”
- The Engineering Exploratory Track program in the College of Engineering was discontinued.

Definitions and Notes

Acceptance Rate: The percent of applicants who were accepted in their 1st choice major (1st choice) or in either the 1st choice or alternate major (Total).

Yield - 1st Choice: The percent of students accepted in their 1st choice major who enrolled in their 1st choice major.

Yield - Total: The percent of all accepted students who enrolled in either the 1st choice or alternate major.

Transfer: A student who earned 12 or more credits at another higher education institution prior to enrolling at UMass Amherst.

Note 1. All data reflect the current organizational structure.

Note 2. Includes students enrolled in at least one credit-bearing course at the end of the fourteenth calendar day of the semester.

Note 3. Numbers are reported according to the School or College affiliation of the major to which the student **applied** (the 1st choice major).

Note 4. Some academic units have restricted the number of entering students, and many applicants are offered an alternate major. In the majority of cases, the alternate acceptance and enrollment figures do not represent acceptance or enrollment into that school or college, but acceptance or enrollment into the Exploratory Track program or an alternate major chosen by the student.

Note 5. Students applying to undergraduate programs administered through CPE are reported in Continuing and Professional Education and not included in the totals.

Note 6. Admissions data does not include the students continuing in the Veterinary Technology programs at the Mount Ida Campus.

Definitions and Notes

Number Reporting: Number of students for whom these data were available.

Percentile: The 25-75th Percentile represents the range of scores for the middle 50% of students.

Note 1. All data reflect the current organizational structure.

Note 2. Includes students enrolled in at least one credit-bearing course at the end of the fourteenth calendar day of the semester. Excludes entering undergraduates who enrolled in a program administered by CPE.

Note 3. Numbers are reported according to the School or College affiliation of the major in which the student was enrolled. The Colleges of Engineering and Nursing do not offer an Exploratory Track program.

Note 4. Beginning in Fall 2017, the new SAT scores are being reported on the 1600-scale. All old scores have been converted.

‡ Mean and percentiles are not calculated when the number of cases is less than three.

Definitions and Notes

Acc. Rate: The percent of applicants who were accepted.

Yield: The percent of accepted students who enrolled.

Number Reporting: Number of students for whom these data were available.

Ed.S. Education Specialist (School of Education only). Students in a Master's/Ed.S. program are counted as Master's students.

Note 1. All data reflect the current organizational structure.

Note 2. Includes students enrolled in at least one credit-bearing course at the end of the fourteenth calendar day of the semester.

Note 3. Applications, Acceptances and Enrollments are reported according to the School or College affiliation of the program to which the student applied. GRE and GMAT scores are reported according to the School or College affiliation of the program in which the student enrolled.

Note 4. Students applying to graduate programs administered through CPE are included in the School/College Totals.

‡ Mean and standard deviation are not calculated when the number of cases is less than three.

Definitions and Notes

Student Majors: A student with a declared major within the school or college. At the undergraduate level, data reported represent a duplicated count of student majors (primary and secondary majors). FTE student majors are distributed proportionally across major programs if they have declared more than one major. See Enrollment Definitions for additional details.

Other: Includes post-graduate and all non-degree students.

Active: Matriculating graduate students registered for courses or dissertation credits.

Program Fee (PF): Matriculating graduate students assigned three credits while on Program Fee (no course).

Primary Majors: The actual count of undergraduate students whose primary major is in this school/college.

Secondary Majors: The actual count of undergraduate students whose secondary or tertiary declared major is in this school/college.

Continuing and Professional Education (CPE): Undergraduate and graduate programs administered through CPE.

Note. All data reflect the current organizational structure. In 2016, the College of Information and Computer Sciences was established. Also, entering first-year students were no longer able to enroll without a declared major. Students with an undeclared major are placed into an Exploratory Track Program inside one of the schools/colleges. School/College totals include these Exploratory Track students. See Organizational Changes on page 2 for additional details.

Note 2. Excludes UMass undergraduate students on exchange at other institutions.

Note 3. Non-Degree Graduate students are reported with the **Total** for 'All Graduate.'

Definitions and Notes

* Denotes less than 1%.

** FTEIS generated in courses administered by Continuing and Professional Education are reported here rather than in the school/college that offers the course.

Note 1. This table considers student "affiliation" (primary and secondary major) at the School or College level. Table 1 (Instruction to Majors and Non-Majors) operates at the departmental level.

Note 2. Percentages are column percents and reported for state-supported instruction only. Shows the proportion of instruction to student majors by school or college providing the instruction.

Note 3. Does not include credits generated by UMass students enrolled in Five College courses.

Note 4. All data reflect the current organizational structure. See Organizational Changes on page 2 for additional details.

Note 5. FTEIS generated by graduate students enrolled in undergraduate courses (courses numbered < 500) are counted as Undergraduate FTEIS.

Definitions and Notes

* Denotes less than 1%.

** FTEIS generated in courses administered by Continuing and Professional Education are reported here rather than in the school/college that offers the course.

Note 1. This table considers student "affiliation" (primary and secondary major) at the School or College level. Table 1 (Instruction to Majors and Non-Majors) operates at the departmental level.

Note 2. Percentages are column percents and reported for state-supported instruction only. Shows the proportion of instruction to student majors by school or college providing the instruction.

Note 3. Does not include credits generated by UMass students enrolled in Five College courses.

Note 4. All data reflect the current organizational structure. See Organizational Changes on page 2 for additional details.

Note 5. FTEIS generated by graduate students enrolled in undergraduate courses (courses numbered < 500) are counted as Undergraduate FTEIS.

Definitions and Notes

Majors: Students with a declared primary, secondary major or pre-major within the department or program offering a course. All other students are defined as "non-majors".

Exception: Students in the Humanities and Fine Arts Exploratory Track program are treated as majors in all courses offered within the College.

CPE: Non-state supported programs administered through Continuing and Professional Education.

Note. All data reflect the current organizational structure. See Organizational Changes on page 2 for additional details.

Definitions and Notes

Student Majors: A student with a declared major within the school or college. At the undergraduate level, data reported represent a duplicated count of student majors (primary and secondary majors). FTE student majors are distributed proportionally across major programs. See Enrollment Definitions for additional details.

Other: Includes post-graduate and all non-degree students.

Active: Matriculating graduate students registered for courses or dissertation credits.

Program Fee (PF): Matriculating graduate students assigned three credits while on Program Fee (no course).

Primary Majors: The actual count of undergraduate students whose primary major is in this school/college.

Secondary Majors: The actual count of undergraduate students whose secondary or tertiary declared major is in this school/college.

Continuing and Professional Education (CPE): Undergraduate and graduate programs administered through CPE.

Note 1. All data reflect the current organizational structure.

Note 2. Excludes UMass undergraduate students on exchange at other institutions.

Note 3. Enrollment in the dual degree program Master of Architecture/Master of Landscape Architecture (MLA) is reported in the College of Social and Behavioral Sciences.

Definitions and Notes

Majors: Students with a declared primary, secondary major or pre-major within the department or program offering a course. All other students are defined as "non-majors".

Exception: Students in the Computing and Informatics Exploratory Track program are treated as majors in all courses offered within the College.

CPE: Non-state supported programs administered through Continuing and Professional Education.

Note. All data reflect the current organizational structure. See Organizational Changes on page 2 for additional details.

Definitions and Notes

Majors: Students with a declared primary, secondary major or pre-major within the department or program offering a course. All other students are defined as "non-majors".

Exception: Students in the Natural Sciences Exploratory Track program are treated as majors in all courses offered within the College.

CPE: Non-state supported programs administered through Continuing and Professional Education.

Note. All data reflect the current organizational structure. See Organizational Changes on page 2 for additional details.

Definitions and Notes

Student Majors: A student with a declared major within the school or college. At the undergraduate level, data reported represent a duplicated count of student majors (primary and secondary majors). FTE student majors are distributed proportionally across major programs. See Enrollment Definitions for additional details.

Other: Includes post-graduate and all non-degree students.

Active: Matriculating graduate students registered for courses or dissertation credits.

Program Fee (PF): Matriculating graduate students assigned three credits while on Program Fee (no course).

Primary Majors: The actual count of undergraduate students whose primary major is in this school/college.

Secondary Majors: The actual count of undergraduate students whose secondary or tertiary declared major is in this school/college.

Continuing and Professional Education (CPE): Undergraduate and graduate programs administered through CPE.

Note 1. All data reflect the current organizational structure.

Note 2. Excludes UMass undergraduate students on exchange at other institutions.

Note 3. Enrollment in the dual degree program Master's program in Sustainability Science/Regional Planning is reported in the College of Social and Behavioral Sciences.

Definitions and Notes

Majors: Students with a declared primary, secondary major or pre-major within the department or program offering a course. All other students are defined as "non-majors".

Exception: Students in the Education Exploratory Track program are treated as majors in all courses offered within the College.

CPE: Non-state supported programs administered through Continuing and Professional Education.

Note. All data reflect the current organizational structure. See Organizational Changes on page 2 for additional details.

Definitions and Notes

Student Majors: A student with a declared major within the school or college. At the undergraduate level, data reported represent a duplicated count of student majors (primary and secondary majors). FTE student majors are distributed proportionally across major programs. See Enrollment Definitions for additional details.

Other: Includes post-graduate and all non-degree students.

Active: Matriculating graduate students registered for courses or dissertation credits.

Program Fee (PF): Matriculating graduate students assigned three credits while on Program Fee (no course).

Primary Majors: The actual count of undergraduate students whose primary major is in this school/college.

Secondary Majors: The actual count of undergraduate students whose secondary or tertiary declared major is in this school/college.

Continuing and Professional Education (CPE): Undergraduate and graduate programs administered through CPE.

Note 1. All data reflect the current organizational structure.

Note 2. Excludes UMass undergraduate students on exchange at other institutions.

Note 3. Academic level for students concurrently enrolled in EdS and MEd/EdD programs is assigned to the master's or doctoral level.

Note 4. The undergraduate program has been restored. Students are generally admitted at the end of their sophomore year and are expected to complete a secondary major.

Note 5. Enrollment in the dual degree program Masters of Public Policy and Administration (MPPA)/Master of Education (MEd) is reported in the College of Social and Behavioral Sciences.

Definitions and Notes

Student Majors: A student with a declared major within the school or college. At the undergraduate level, data reported represent a duplicated count of student majors (primary and secondary majors). FTE student majors are distributed proportionally across major programs. See Enrollment Definitions for additional details.

Other: Includes post-graduate and all non-degree students.

Active: Matriculating graduate students registered for courses or dissertation credits.

Program Fee (PF): Matriculating graduate students assigned three credits while on Program Fee (no course).

Primary Majors: The actual count of undergraduate students whose primary major is in this school/college.

Secondary Majors: The actual count of undergraduate students whose secondary or tertiary declared major is in this school/college.

Continuing and Professional Education (CPE): Undergraduate and graduate programs administered through CPE.

Note 1. All data reflect the current organizational structure.

Note 2. Excludes UMass undergraduate students on exchange at other institutions.

Definitions and Notes

Majors: Students with a declared primary, secondary major or pre-major within the department or program offering a course. All other students are defined as "non-majors".

CPE: Non-state supported programs administered through Continuing and Professional Education.

Note. All data reflect the current organizational structure. See Organizational Changes on page 2 for additional details.

* Graduate Non-Degree students have no degree level. They appear in this table aggregated under Graduate Total.

Definitions and Notes

Student Majors: A student with a declared major within the school or college. At the undergraduate level, data reported represent a duplicated count of student majors (primary and secondary majors). FTE student majors are distributed proportionally across major programs. See Enrollment Definitions for additional details.

Other: Includes post-graduate and all non-degree students.

Active: Matriculating graduate students registered for courses or dissertation credits.

Program Fee (PF): Matriculating graduate students assigned three credits while on Program Fee (no course).

Primary Majors: The actual count of undergraduate students whose primary major is in this school/college.

Secondary Majors: The actual count of undergraduate students whose secondary or tertiary declared major is in this school/college.

Continuing and Professional Education (CPE): Undergraduate and graduate programs administered through CPE.

Note 1. All data reflect the current organizational structure.

Note 2. Excludes UMass undergraduate students on exchange at other institutions.
