Definitions and Notes

Secondary Majors: Students who fulfill course requirements for a secondary major and complete a minimum of 120 credits. Multiple majors earn a single degree in the primary major but all majors are recorded on the transcript.

Minors: Minor programs allow the student to explore and attain some competence in a second area of study without fulfilling the full range of requirements of the major. At least 15 credits in a coherent set of courses in a particular discipline, department, or program are required.

Note 1: Students who complete the major and college requirements for two Baccalaureate degrees with a minimum of 150 credits receive a double degree and are counted separately.

Note 2: Secondary majors and minors are not counted in the degree totals.

Note 3: Data reflect the organizational structure as of Fall 2018. Historical data have been adjusted to reflect the changes.

Note 4: Includes September, February, and May graduation dates.

Note 5: Beginning in 2009-10, IPEDS changed the classification of doctoral degrees into research and professional practice degrees, thereby eliminating the first professional category (e.g. M.D.). Professional practice degrees in Audiology and Nursing Practice are offered.

Note 6: In 2014, the Certificate of Advanced Graduate Study (C.A.G.S.) was replaced by the Education Specialist (Ed.S.).

Note 7: Starting in 2015-16, all doctorate programs in the College of Education are awarding the Doctor of Philosophy (Ph.D.); the Doctor of Education (Ed.D.) will no longer be awarded.

Definitions and Notes

Secondary Majors: Students who fulfill course requirements for a secondary major and complete a minimum of 120 credits. Multiple majors earn a single degree in the primary major but all majors are recorded on the transcript.

Minors: Minor programs allow the student to explore and attain some competence in a second area of study without fulfilling the full range of requirements of the major. At least 15 credits in a coherent set of courses in a particular discipline, department, or program are required.

Note 1: Students who complete the major and college requirements for two Baccalaureate degrees with a minimum of 150 credits receive a double degree and are counted separately.

Note 2: Secondary majors and minors are not counted in the degree totals.

Note 3: Data reflect the organizational structure as of Fall 2018. Historical data have been adjusted to reflect the changes.

Note 4: Includes September, February, and May graduation dates.

Note 5: In 2014, the Department of Art, Architecture and Art History was split into three departments: (1) Art, (2) Architecture and (3) History of Art and Architecture.

Degrees Awarded
 Judaic and Near Eastern Studies
 Academic Years 2008-09 through 2017-18

College of Humanities and Fine Arts

Total Degrees	9	19	17	13	8	16	11	21	17	14

Definitions and Notes

Secondary Majors: Students who fulfill course requirements for a secondary major and complete a minimum of 120 credits. Multiple majors earn a single degree in the primary major but all majors are recorded on the transcript.

Minors: Minor programs allow the student to explore and attain some competence in a second area of study without fulfilling the full range of requirements of the major. At least 15 credits in a coherent set of courses in a particular discipline, department, or program are required.

Note 1: Students who complete the major and college requirements for two Baccalaureate degrees with a minimum of 150 credits receive a double degree and are counted separately.

Note 2: Secondary majors and minors are not counted in the degree totals.

Note 3: Data reflect the organizational structure as of Fall 2018. Historical data have been adjusted to reflect the changes.

Note 4: Includes September, February, and May graduation dates.

Degrees Awarded
 Biochemistry and Molecular Biology
 Academic Years 2008-09 through 2017-18

Note 3: Data reflect the organizational structure as of Fall 2018. Historical data have been adjusted to reflect the changes.

Note 4: Includes September, February, and May graduation dates.

Note 5: In 2010, the name of the B.S. in Natural Resource Studies was renamed Natural Resources Conservation and the program was reorganized with six new concentrations. The B.S. program in Forestry and Wildlife and the B.S. in Fisheries Conservation are being phased out. The B.S. in Building Materials and Wood Technology was renamed Building and Construction Technology.

Note 6: In 2010, the graduate program was reorganized with five new concentrations. The name of the Master's and Doctoral programs in Wildlife and Fisheries Conservation was changed to Environmental Conservation. The M.S. in Forest Resources will be phased out.

Note 7: Effective Fall 2011, the M.S. in Sustainability Science is offered.

Definitions and Notes

Secondary Majors: Students who fulfill course requirements for a secondary major and complete a minimum of 120 credits. Multiple majors earn a single degree in the primary major but all majors are recorded on the transcript.

Minors: Minor programs allow the student to explore and attain some competence in a second area of study without fulfilling the full range of requirements of the major. At least 15 credits in a coherent set of courses in a particular discipline, department, or program are required.

Note 1: Students who complete the major and college requirements for two Baccalaureate degrees with a minimum of 150 credits receive a double degree and are counted separately.

Note 2: Secondary majors and minors are not counted in the degree totals.

Note 3: Data reflect the organizational structure as of Fall 2018. Historical data have been adjusted to reflect the changes.

Note 4: Includes September, February, and May graduation dates.

Definitions and Notes

Secondary Majors: Students who fulfill course requirements for a secondary major and complete a minimum of 120 credits. Multiple majors earn a single degree in the primary major but all majors are recorded on the transcript.

Minors: Minor programs allow the student to explore and attain some competence in a second area of study without fulfilling the full range of requirements of the major. At least 15 credits in a coherent set of courses in a particular discipline, department, or program are required.

Note 1: Students who complete the major and college requirements for two Baccalaureate degrees with a minimum of 150 credits receive a double degree and are counted separately.

Note 2: Secondary majors and minors are not counted in the degree totals.

Note 3: Data reflect the organizational structure as of Fall 2018. Historical data have been adjusted to reflect the changes.

Note 4: Includes September, February, and May graduation dates.

Note 5: In 2010, the Legal Studies program moved to the Department of Political Science.

Note 1: Students who complete the major and college requirements for two Baccalaureate degrees with a minimum of 150 credits receive a double degree and are counted separately.

Note 2: Secondary majors and minors are not counted in the degree totals.

Note 3: Data reflect the organizational structure as of Fall 2018. Historical data have been adjusted to reflect the changes.

Note 4: Includes September, February, and May graduation dates.

Note 5: Effective Fall 2012, the undergraduate program in education is restored. Students are generally admitted at the end of their sophomore year and are expected to complete a secondary major in the College of Humanities and Fine Arts, the College of Natural Sciences, the College of Social and Behavioral Sciences or the School of Public Health and Health Sciences.

Note 6: Effective Fall 2013, the School of Education was renamed the College of Education.

Note 7: In 2014, the Certificate of Advanced Graduate Study (C.A.G.S.) was replaced by the Education Specialist (Ed.S.).

Note 8: Starting in 2015-16, all doctorate programs in the College of Education are awarding the Doctor of Philosophy (Ph.D.); the Doctor of Education (Ed.D.) will no longer be awarded.

Definitions and Notes

Secondary Majors: Students who fulfill course requirements for a secondary major and complete a minimum of 120 credits. Multiple majors earn a single degree in the primary major but all majors are recorded on the transcript.

Minors: Minor programs allow the student to explore and attain some competence in a second area of study without fulfilling the full range of requirements of the major. At least 15 credits in a coherent set of courses in a particular discipline, department, or program are required.

Note 1: Students who complete the major and college requirements for two Baccalaureate degrees with a minimum of 150 credits receive a double degree and are counted separately.

Note 2: Secondary majors and minors are not counted in the degree totals.

Note 3: Data reflect the organizational structure as of Fall 2018. Historical data have been adjusted to reflect the changes.

Note 4: Includes September, February, and May graduation dates.

Definitions and Notes

Secondary Majors: Students who fulfill course requirements for a secondary major and complete a minimum of 120 credits. Multiple majors earn a single degree in the primary major but all majors are recorded on the transcript.

Minors: Minor programs allow the student to explore and attain some competence in a second area of study without fulfilling the full range of requirements of the major. At least 15 credits in a coherent set of courses in a particular discipline, department, or program are required.

Note 1: Students who complete the major and college requirements for two Baccalaureate degrees with a minimum of 150 credits receive a double degree and are counted separately.

Note 2: Secondary majors and minors are not counted in the degree totals.

Note 3: Data reflect the organizational structure as of Fall 2018. Historical data have been adjusted to reflect the changes.

Note 4: Includes September, February, and May graduation dates.

Note 5: Beginning in 2009-10, IPEDS changed the classification of doctoral degrees into research and professional practice degrees, thereby eliminating the first professional category (e.g. M.D.). Professional practice degrees in Audiology and Nursing Practice are offered.

Degrees Awarded
Biostatistics and Epidemiology
Academic Years 2008-09 through 2017-18
