Definitions and Notes

Secondary Majors: Students who fulfill course requirements for a secondary major and complete a minimum of 120 credits. Multiple majors earn a single degree in the primary major but all majors are recorded on the transcript.

Minors: Minor programs allow the student to explore and attain some competence in a second area of study without fulfilling the full range of requirements of the major. At least 15 credits in a coherent set of courses in a particular discipline, department, or program are required.

Note 1: Students who complete the major and college requirements for two Baccalaureate degrees with a minimum of 150 credits receive a double degree and are counted separately.

Note 2: Secondary majors and minors are not counted in the degree totals.

Note 3: Data reflect the organizational structure as of Fall 2019. Historical data have been adjusted to reflect the changes.

Note 4: Includes September, February, and May graduation dates.

Note 5: In 2014, the Certificate of Advanced Graduate Study (C.A.G.S.) was replaced by the Education Specialist (Ed.S.).

Note 6: Starting in 2015-16, all doctorate programs in the College of Education are awarding the Doctor of Philosophy (Ph.D.); the Doctor of Education (Ed.D.) will no longer be awarded.
