Definitions and Notes

FTE Instructed Students: Student Credit Hours (SCH) generated in courses offered by each program are divided by a "full-time" load to calculate full-time equivalency. For undergraduate courses, a full-time load is 15 SCH. For graduate courses, a full-time load is 9 SCH. For courses numbered 500-599, full-time equivalency depends on the level of the student: if undergraduate, divide by 15; if graduate, divide by 9.

Instruction to Majors: Instruction consumed by students with any declared major (including multiple majors) in the department. Pre-majors are counted as majors.

Instruction to Non-Majors: Instruction consumed by students with no declared major or with a declared major in another department.

Lower Division FTEIS: FTE Instructed students generated in 100-level and 200-level courses.

Upper Division FTEIS: FTE Instructed students generated in 300-level and 400-level courses and 500-level if undergraduate students are enrolled.

General Education FTEIS: FTE Instructed students generated in general education courses. In Fall 2010, the credit value of many Gen Ed courses changed from 3 to 4 credits. Therefore, FTEIS may have increased in those departments with significant Gen Ed enrollments.

Note 1: Data reflect the organizational structure as of Fall 2018.

Note 2: Effective Fall 2015, the undeclared major was eliminated for incoming students. It was replaced by Exploratory Track (ET) programs within each school and college except Nursing and starting in 2018, Engineering. Students in ET programs are treated as majors in all courses within their school/college. Therefore, undergraduate numbers are not comparable to prior years.
