The UMass Amherst Journal of Global Educational Outreach for Science, Engineering & Technology (GEOSET Journal) is currently seeking dedicated and motivated undergraduate students to join our Editorial Board.

Join the GEOSET Journal Editorial Board Leadership Team!

Are you passionate about shaping the future of academic publishing? The GEOSET Journal is excited to announce openings for key leadership positions on our Editorial Board! As a platform dedicated to showcasing outstanding research in Science, Engineering & Technology, we are seeking enthusiastic individuals to join us in the roles of Editor-in-Chief, Managing Editor, Marketing Specialist, and Copy Editor-in-Chief.

About GEOSET Journal:
Established in 2006 by Sir Harold Kroto (1996 Nobel Laureate in Chemistry) and Steve Acquah, and originally a science-based initiative, GEOSET has expanded over the years to encompass the arts. GEOSET has created a global database of freely accessible, on-demand educational material which is typically presented as a dual-video window format, with presenters alongside their slideshow presentations. The GEOSET Journal is a brand-new prestigious platform that showcases the exceptional research, innovation, and creativity of undergraduate students in various interdisciplinary research fields through a hybrid format. Founded by Dr. Acquah and Divya Dubey (second year PhD student at UMass Amherst), the GEOSET Journal continues the legacy of Sir Harold Kroto for research and outreach while promoting student success at UMass Amherst. As a member of the Editorial Board, you will play a crucial role in curating, reviewing, and publishing high-quality manuscripts that contribute to the advancement of knowledge in these disciplines. This is a unique opportunity to gain hands-on experience in the academic publishing process while fostering a deeper understanding of research methodologies.

Why Join the Editorial Board?
- **Professional Development**: Enhance your critical thinking, communication, and problem-solving skills by engaging with cutting-edge research.
- **Networking**: Collaborate with peers, faculty, and experts in your field, expanding your academic and professional network.
- **Contribution**: Shape the discourse in your field by selecting and promoting impactful research from around the globe.
- **Resume Building**: Showcase your commitment to academic excellence and leadership on your resume.

Roles and Responsibilities:
Managing Editor:
Are you an organized and detail-oriented individual who excels in project management? The Managing Editor role involves coordinating the editorial workflow, communicating with authors and reviewers, and ensuring a seamless production process from submission to publication.

Marketing Specialist:
If you have a flair for communication and a passion for promoting academic initiatives, the role of Marketing Specialist might be perfect for you. Collaborate with the team to develop marketing strategies, engage with the academic community, and expand the journal's reach and impact.

Copy Editor-in-Chief:
Do you have a keen eye for detail and a knack for ensuring accuracy in written content? The Copy Editor-in-Chief will lead the copyediting team, refining manuscripts for clarity, grammar, and adherence to journal style.

How to Apply:
If you are passionate about research, enthusiastic about contributing to the academic community, and interested in one of the positions mentioned above, we invite you to apply for a position on the Editorial Board. To apply, please submit the following to geosetjournal@gmail.com:

1. Your updated resume or CV.
2. A brief statement of interest (250-300 words) outlining your motivation to join the Editorial Board and relevant skills/experiences.

**Application Deadline: October 6, 2023**
We encourage all eligible undergraduate students to apply by the application deadline. Selected candidates will be notified for an interview.

Join us in this fulfilling journey of advancing knowledge, fostering academic excellence, and making a lasting impact on the global educational outreach for Science, Engineering, and Technology.

Should you have any questions or require further information, please do not hesitate to reach out to us at geosetjournal@gmail.com.
