Hello Psychology Majors! We hope you had a super winter break! Remember the Psychology Advising Team urges you to take advantage of our services. We are located in Tobin 501 and advisors are available Monday – Thursday, 9am – 5pm and Friday, 9am—4pm. You can also contact us via email: advising@psych.umass.edu

Beyond general advising!
Do you have advising questions specific to the Neurosciences? Honors? Please see our great faculty advisors here to help you. Specialized advising hours can be found at: http://www.umass.edu/pbs/undergraduate/advising-center-tobin-501

Credit limits reminder
Students can register for a maximum of 19 credits per semester. If you want to add more than 19 credits this spring, please consult first with an advisor and then you can apply to get approval online from the following website: http://www.cns.umass.edu/students/academic-advising/forms/credit-overload-petition
- Remember, if you completed a TA/RA/Internship (398) or Independent Readings/Research (396/496) form, we can not add these credits to SPIRE if they place you over 19 credits UNLESS you are approved for a credit overload. Please check SPIRE to see if the independent study has been added. If it hasn’t, then please apply for the credit overload ASAP.

Upcoming Workshops for the Spring Semester

Making the most of your major: Opportunities for the psychology major - Tues. March 5, 4pm (Room TBA)
Have you wondered about doing a research or teaching assistantship? Securing an internship? Joining a psychology club? Applying for the developmental disabilities program? At these meetings, Professor Tammy Rahhal will discuss these opportunities in the major and more! She will also review important degree requirements, and departmental resources that will enhance your major experience. Join us to learn everything you need to know about making the most of your psychology major!

Internship Workshop—Monday, April 1, 4pm, Tobin 423
Are you thinking of pursuing an internship during summer or fall? The most of your Psychology major!

Study Abroad Workshop - (time and location: TBA)
Are you interested in study abroad for Fall, 2019 or later? Then attend this workshop! Psychology students who have studied abroad will discuss their experiences and answer your questions. A representative from the University’s International Programs Office and Julie Pahl will also attend to discuss everything you need to know about applying to various exchange programs (some of which include internships). Pack your bags!

Jobs and Internships

CNS Career Center
Drop in to Morrill II, Room 321 to meet with a career advisor to build or strengthen your resume, search for internships, prepare for interviews and more! Go to: www.cns.umass.edu/advising/cns-career-center to learn more

PBS Job, Internships and Scholarships
Visit our website: https://www.umass.edu/pbs/undergraduate/external-resources to view a list of job opportunities, internship opportunities and scholarship opportunities for psychology majors. This list is updated weekly, so check it out!
