

The NeuroCognition and Perception lab is

# SEEKING RESEARCH PARTICIPANTS!

The study involves listening to speech sounds and making phonetic judgments. It should take 1-2 hours. You'll receive \$12 or 2 SONA credits per hour for your participation and help us learn about speech perception!

You may be eligible if you are:

- a native speaker of English
- 18 - 35 years old
- unfamiliar with tonal or pitch-accent languages.
