

QUICK GUIDE

TAGGING CENTERS & INSTITUTES for PROPOSAL AFFILIATION

Objective: Kuali now offers the ability for faculty to identify and affiliate their proposal with active Centers and Institutes. This offers the opportunity to gain insight and run reports on Center and Institute productivity and allows RTF to be manually assigned to a Center or Institute based on identified and approved distributions. It is also the mechanism to add Center and Institute approvers to the proposal routing and approval list (as is the case for Institute for Applied Life Science, IALS, proposals).

STEP 1 - Log in to the Kuali Dashboard - <https://umass.kuali.co/dashboard> with your NetID and password and click **Create Proposal**.

STEP 2 - Enter the relevant information under the **Basic** tab to create a proposal.

STEP 3 - Click the **Key Personnel** tab on left and click the **arrow** next to the Lead PI's name.

STEP 5 - Click **Lookup/Add Multiple Lines** as shown below. When the appropriate Center information appears, check the box as indicated below and click **return selected**.

TIP: Use **Wildcard asterisk (*before and after*)** to assist with searching for a specific Center or Institute.

The below screen should appear

Unit Number	Parent Unit	Organization	Unit Name	Active
<input checked="" type="checkbox"/> 006300	Coll: Institute Applied Life Science	University of Massachusetts Amherst	Cntr: Models to Medicine	true

STEP 6 - Centers and Institutes will be added to the **Credit Allocation** page. Assign the appropriate amount of RTF, if required.

NOTE: RTF credit allocation is an optional entry. For example no RTF allocations are needed for IALS related centers (Models to Medicine, Center for Bioactive Deliver and Center for Personalized Health Monitoring). RTF allocations for IALS will be taken care of at the time of setting up an award.

IMPORTANT: Regardless of how many PIs you have on the file or how the Intellectual Merit is split up, make sure that each PI has **100** listed next to their department line.
