Job Description
The Department of Resource Economics invites applications for a tenure-track assistant professor with a research focus in environmental economics to start September 2015. Although all areas of environmental economics will be considered, we have a particular interest in applied econometricians who conduct research in the areas of climate change, energy and the environment, or health and the environment. Teaching responsibilities will include, but will not be limited to, Department graduate and undergraduate courses in environmental and natural resource economics.

Requirements
Applicants are required to have a Ph.D. in agricultural/resource/applied economics, economics, or a related field as of September 1, 2015.

Additional Information
The Department of Resource Economics has 14 faculty, 300 undergraduate majors, and about 20 graduate students (one-half are Ph.D. candidates). We place special emphasis on high quality research, on faculty-student interaction, and on cooperation among faculty. We share a fundamental commitment to teach and attract a diverse student body.

Application Instructions
To apply, submit a letter of interest, curriculum vitae, graduate transcript, and writing samples online at http://umass.interviewexchange.com/jobofferdetails.jsp?JOBID=50839. Please arrange to have 3 letters of recommendation sent directly to EnvEconSearch@resecon.umass.edu.

Review of applications will begin November 7, 2014. The search will continue until the position is filled. We will be conducting preliminary interviews of candidates at the American Economic Association annual meeting in January 2015. Inquiries may be directed to EnvEconSearch@resecon.umass.edu.

The University is part of the 5-College Consortium in the beautiful Pioneer Valley of Western Massachusetts, with excellent social, cultural, and recreational amenities in a town and rural setting. We are 2 hours from Boston and 3 hours from New York City.
