MOTION: That the Faculty Senate approve the Revision to the History (BA) Program, as presented in Sen. Doc. No. 18-017.

Briefly describe the Proposal

This proposal is to have History 161 clearly paired with either History 110 World History and/or History 112 World Religions as one option in the Introductory Survey Pair required by History majors.

Please describe the existing program requirements, listing all required courses and available electives, as well as any additional requirements, and continuation or admissions policies.

At this time, history majors' ARR lists the Introductory Survey Pair as History 160 Africa Before 1500 / History 161 Africa Since 1500; In actuality, we tell students that they can take History 110 World History or History 112 World Religions with History 161 Africa Since 1500 since History 160 has not been offered for over five years.

Please describe the requirements that you are proposing, listing course requirements, elective options, as well as any additional requirements, and continuation or admissions policies.
Introductory Survey pair change from "History 160 and History 161" to "History 110, 112, or 160 and History 161". No other changes.

Please provide the rationale for these revisions.

History 160 is not offered. All students should know that they can take History 161 with History 110 or History 112 to fill their Intro Survey Pair (not just students we tell in advising meetings).

Academic Requirements Review

Resources

If this proposal requires no additional resources, say so and briefly explain why. If this proposal requires additional resources, explain how they will be paid for. For proposals involving instruction, indicate how many new enrollments are expected and whether the courses have room to accommodate them.

No additional resources. We do need History 110 and History 112 to be recoded by Registrars once the proposal is approved.
