

Citizenship Information Sheet

Why do I have to submit this information to your office?

The Department of Education requires students to be a U.S. citizen or eligible non-citizen to be eligible to receive financial aid. The Department of Education will perform a database match with the Social Security Administration (SSA) or the Department of Homeland Security (DHS) to determine your citizenship status.

If your citizenship or eligible non-citizen status could not be confirmed during the database match process, you will have to submit original documentation of your status to Financial Aid Services. We will use the documentation you submit to verify that you qualify for financial aid for the academic year.

What do I need to submit to satisfy this requirement?

If you are a U.S. citizen bring an original of one of the following documents to Financial Aid Services in person:

- Birth certificate showing you were born in the U. S.
- 5 or 10 year U.S. passport
- Certificate of Citizenship
- Certificate of Naturalization
- Consular Report of Birth Abroad (form FS-240)
- Certificate of birth issued by a foreign service post (form FS-545)
- Certification of Report of Birth (DS-1350)

If you are an Eligible Non-Citizen bring an original of one of the following documents Financial Aid Services in person. The document must be current and valid.

- Permanent Resident Card (Form I-551)
- Resident Alien Card (Form I-551)
- Alien Registration Receipt Card (Form I-151)
- Arrival-Departure Record, Form I-94 (with parole refugee or asylee stamp)
- Valid passport stamped "Processed for I-551" with an expiration date

What if I cannot come to the office to submit the documents in person?

If you are unable to submit this documentation in person you may photocopy and mail, scan and email, or fax your citizenship and/or immigration status documentation along with the completed and notarized Citizenship Affidavit Form on page 2. The scanned/photo copies must include front and back of the document and be clear and readable.

Notary services can be found at your local town hall, county courthouse or local financial institutions. Massachusetts maximum cost for notary services is \$1.25 per signature.

What else can I do to satisfy this requirement?

If there is an error regarding your Social Security number (SSN) or Alien Registration Number (A#) on your FAFSA, you can correct the number on your FAFSA and the data will be matched against the SSA or DHS database again. If you pass the database match with your corrected FAFSA, you will not have to submit any documentation to our office.

If you are a U.S. citizen you must notify the SSA of your status. Once the SSA has updated your record, you will be able to pass the SSA database match when your FAFSA is reprocessed. If you pass the database match you will not have to submit any documentation to our office. Also, you will now pass the SSA database match in future years.
