

Sarah L. Goff, MD, PhD

Curriculum Vitae

CONTACT INFORMATION

Address: Arnold House
Room 325
University of Massachusetts, Amherst
715 North Pleasant Street
Amherst, MA 01003

Email: sgoff@umass.edu

Phone: 413-545-7467

EDUCATION

- 2018 Ph.D. (Public Health), University of Massachusetts Amherst
Advisor: Lisa Wexler, Ph.D.
- 1996 M.D. University of Massachusetts Medical School
- 1991 B.S. Neurobiology, Yale University

POSTDOCTORAL TRAINING

- 2017 NIH Training Institute in Dissemination and Implementation Research in Health
- 2015-19 NIH K23 Mentored Career Development Award NICHD
- 2011-13 NIH KL-2 Health Services Research Fellowship, Tufts University School of Medicine and Clinical and Translational Science Institute
- 2003-05 Robert Wood Johnson Clinical Scholars Program, Yale University
- 1996-00 Residency in Internal Medicine/Pediatrics, Baystate Medical Center

RESEARCH AND PROFESSIONAL EMPLOYMENT

- 2019- Associate Professor, Health Policy and Management, Department of Health Promotion and Policy, School of Public Health and Health Sciences, University of Massachusetts Amherst
- 2019- Adjunct Associate Professor, Department of Internal Medicine, University of Massachusetts Medical School-Baystate and *per diem* clinician
- 2018- Adjunct Associate Professor, Department of Population and Quantitative Health Sciences, University of Massachusetts Medical School
- 2016-19 Associate Professor, Departments of Pediatrics & Internal Medicine, University of Massachusetts Medical School (Baystate Health changed academic affiliation to the University of Massachusetts Medical School)
- 2016 Associate Professor, Departments of Pediatrics & Internal Medicine, Tufts University School of Medicine
- 2007-15 Assistant Professor, Departments of Pediatrics & Internal Medicine, Tufts University School of Medicine
- 2005-06 Assistant Professor, Department of Internal Medicine, University of Massachusetts Medical School
- 2002-03 Internist/Pediatrician, Asst. Medical Director & School Based Clinic Medical Director, Hilltown Community Health Centers

2001-02 Internist/Pediatrician, Community Health Center of Franklin County
2000-01 Internist/Pediatrician, Locum Tenens
1996-00 Instructor, Department of Medicine, Tufts University School of Medicine

AWARDS AND HONORS

2021 Teaching for Inclusion, Diversity and Equity Fellow, University of Massachusetts
2020 Center for Research on Families Fellowship, University of Massachusetts
2013 Manuscript selected as 'Editor's Choice' Article, American Journal of Obstetrics and Gynecology
2012 CTSI Annual National Meeting, Recognition for Excellence: Scholar Poster
2009 AAMC Early-Career Women Professional Development Seminar
2008 Tufts Medical Student Teaching Award
2003 Robert Wood Johnson Clinical Scholars Fellowship

2. **Goff SL**, Wexler L. Implementation of community health workers in a new Medicaid accountable care organization: An ethnographic study.
3. **Goff SL**, Byatt N. Adapting a statewide program to support providers caring for women with postpartum depression to meet pediatrician's needs.

GRANTS

Current

- | | |
|---------|--|
| 2021-26 | <p>NHLBI R01 HL149875 (Goff)</p> <p>Effects of Medicaid accountable care organizations on childhood asthma quality of care, outcomes, and disparities.
This study will examine changes in quality of care and outcomes as well as disparities in asthma care and outcomes for Medicaid-insured children with asthma in Massachusetts following implementation of 17 new Medicaid accountable care organizations.
Role: PI</p> |
| 2020-25 | <p>NIMHD R01 MD013752-01A1 (Myaskovski)</p> <p>Access to Kidney Transplantation in Minority Populations (AKT-MP)
This study compares the effectiveness of two interventions to reduce disparities in kidney transplant by streamlining the evaluation process for patients in health disparities populations in New Mexico.
Role: Co-investigator</p> |
| 2020-24 | <p>NICDR R01 DE028530-01A1 (Kranz)</p> <p>Promoting children's oral health: Identifying provider-, practice-, and community-level characteristics associated with delivery of fluoride varnish in medical offices.
This study will explore patterns of fluoride application in relation to health policy requiring insurance coverage of the service. My role is to lead a positive deviance study to identify organizational strategies and contextual factors that may be associated with higher application rates.
Role: Co-investigator</p> |
| 2020-21 | <p>NHLBI R56 HL151636 (Attanasio and Geissler)</p> <p>Managing cardiovascular disease risk among women with hypertensive disorders in pregnancy: A mixed method analysis of system factors influencing the postpartum transition to primary care.
This study aims to identify organizational, system, and individual factors that may be associated with transitions of care postpartum for women with pregnancy-associated hypertensive disorders.
Role: Co-investigator</p> |
| 2020-25 | <p>NCATS UL1TR001453-05A1 (Luzuriaga)</p> |

University of Massachusetts Medical School - Worcester
CTSA Renewal Funding

I will co-develop and co-lead on-line trainings in community-engaged research for faculty and students across the five University of Massachusetts campuses.

Role: Consultant

Pending

March
2021

NHLBI OTA-20-014-A (Goff)

This Research Opportunity Announcement solicited applications for community-clinical-research partners to develop of regional coalitions to address disparities in maternal morbidity and mortality and to pilot test implementation strategies to translate evidence-based interventions into practice for heart, lung, and blood diseases associated with maternal morbidity and mortality disparities.

Role: PI

Completed

2019-20

Tufts CTSI Community Health Catalyst Program (Tonyushkina)

Partnership Between Springfield public school nurses and Baystate Pediatric Diabetes Program to Enhance Diabetes Care for Children with T1DM from a Disadvantaged Population

Role: Co-investigator

2019

University of Massachusetts Medical School - Worcester (Goff)

Small Conference Grant

Preventing Adverse Childhood Experiences (ACES) Through Interdisciplinary Research and Policy: A Tri-campus Research Collaborative

Role: PI

2018-19

Centers for Medicaid and Medicare Services (Himmelstein)

Independent Evaluation, MassHealth Medicaid ACO Demonstration Project, Qualitative Assessment

Supported qualitative team in developing interview guides for in-depth interviews with leadership in the new MassHealth Medicaid ACOs and Community Partners. Led pilot testing of the interview guides and interview process. Trained the interview teams and assessed the quality of interviews conduct by the team.

Role: Co-investigator

2015-19

NICHD K23 HD080870 (Goff)

Identifying Factors Associated with High Quality Pediatric Primary Care
I conducted a positive deviance study of high performing ambulatory pediatric practices to determine organizational strategies and contextual factors associated with care quality. As part of this award, I completed a

Ph.D. in Public Health, focused on dissemination and implementation theory and methodology at the organizational level.
Role: PI

- 2017-18 **University of Massachusetts Medical School - Worcester Pilot Project Proposals** (Goff)
PPD Screening in Pediatric Practice
This pilot implementation study seeks to identify best processes for successful screening and referral for PPD in pediatric practice.
Role: PI
- 2017-18 **University of Massachusetts - Amherst** (Gubrium)
Developmental Science Initiative Seed Grant
Digital Storytelling for Postpartum Depression Prevention in Adolescent Women
This pilot study tested the feasibility of conducting a randomized controlled trial of a digital storytelling intervention to prevent postpartum depression in adolescent Latina and Black women.
Role: Co-Investigator
- 2015-17 **PCORI BMC-1113** (Goff)
Project ACCCES: A Collaboration to build Capacity for Community-Engaged research in Springfield
This project was a partnership between Baystate Medical Center and community partners. The goal of the project is to develop a coalition of patients, stakeholders and investigators who are informed about community-engaged research tenets and will work together to develop comparative effectiveness research proposals that will benefit patients who suffer from health disparities.
Role: PI
- 2015-17 **AHRQ R03 HS024311** (Schoenfeld)
Physician Perspectives on the Use of Shared Decision-Making in the Emergency Department.
This qualitative study sought to understand barriers and facilitators to using shared decision-making in the emergency department.
Role: Co-investigator
- 2015-17 **Rays of Hope Center for Breast Cancer Research** (Goff)
Atypical hyperplasia of the breast: women's experiences with care. We interviewed women with breast atypia about their experiences with diagnosis and management of breast atypia with a goal of informing development of a decision aid.
Role: PI
- 2013-17 **NIDDK R01 DK097011** (Chasan-Taber)

Randomized Lifestyle Intervention in Overweight and Obese Pregnant Hispanic Women

This study tests the impact of a lifestyle intervention on weight and metabolic outcomes for pregnant Hispanic women at high risk for gestational diabetes and their offspring.

Role: Co-Investigator

- 2013-18 **PCORI CD-1304-7360** **(Cohen)**
Shared Decision Making - Renal Supportive Care
This study assessed how patient-centered discussions about preferences for care impact decisions about Hospice care for dialysis patients with limited life-expectancy.
Role: Co-Investigator
- 2012-15 **AHRQ R21 HS021864-0** **(Goff)**
IDEAS for a healthy baby: reducing disparities in use of publicly reported quality data
This was one of 17 studies funded in a special three-year \$1,000,000 total cost funding opportunity for research on public reporting of health care quality. We conducted a randomized controlled trial tested the efficacy of an intervention to increase low-income pregnant women's use of publicly reported quality data when choosing a pediatrician.
Role: PI
- 2012-14 **Baystate Medical Center Incubator Fund** **(Goff)**
Evaluating the impact of an enhanced primary care program at a health center serving a low-income Hispanic population
This study tested the impact of an enhanced primary care team on outcomes for patients with diabetes.
Role: PI
- 2011-13 **NCATS KL2 TR000074** **(Selker)**
NCRR KL2 RR025751 **(Selker)**
KL-2 Career Development Award
Clinical practices and hospital characteristics associated with health care associated obstetric infection rates in U.S. hospitals
This study assessed variation in obstetric infection rates in U.S hospitals.
Role: Scholar
- 2010-13 **Baystate Health Insurance Company** **(Goff and Bsot)**
Obstetric Hand-offs: Identifying and Implementing Best Practices
This study described current practices for transferring patient care between nurses, physicians, and resident physicians and incorporates national best practices into re-design of current practices.
Role: Co-PI

- 2011-12 **Foundation for Informed Medical Decision-Making (Rothberg)**
 Informed consent for PTCI: What do cardiologists say?
 This mixed methods study determined the nature and content of discussions cardiologists have with patients regarding PTCI.
 Role: Co-Investigator
- 2010-12 **Baystate Medical Center/University of Massachusetts Amherst Collaborative Biomedical Research Grants (Goff and Carbone)**
 The Massachusetts Body Mass Index (BMI) Letter: How are parents responding?
 This qualitative study assessed parents' responses to and readability of the BMI letter.
 Role: Co-PI
- 2010-11 **Tufts University Innovations in Medical Education Grant (Goff)**
 Enhancing third-year TUSM students' ethics and professionalism curriculum through use of video vignettes
 This project developed video vignettes for use in the third-year professionalism and ethics curriculum to evaluate the effectiveness of the vignettes and to develop an instructor's guide.
 Role: PI
- 2009-11 **Baystate Medical Center Incubator Fund (Goff)**
 Identifying predictors of variation in obstetric complication rates across US Hospitals: preliminary studies to improve obstetric quality of care
 This project evaluated the validity of ICD-CM coding for obstetric complications and developed detailed analytic models for examining factors associated with obstetric outcomes.
 Role: PI
- 2009-10 **Meyers Primary Care Institute Small Grants (Blake)**
 HPV Vaccine Counseling: A mixed qualitative and quantitative study
 This study explored discussions between primary care doctors and patients regarding the HPV vaccine and measures the discussions' oral health literacy load.
 Role: Co-Investigator
- 2008-10 **Baystate Medical Center Incubator Fund (Goff)**
 IMP – Improving meals in pre-schools.
 This study evaluated the outcomes of a community-based nutrition intervention in an urban pre-school program.
 Role: PI
- 2007-08 **Meyers Primary Care Institute Small Grants (Mazor)**
 Parents' perceptions of medical errors in pediatrics

This qualitative study examined parents' descriptions of perceived medical errors affecting their children.

Role: Co-Investigator

PEER-REVIEWED CONFERENCE PRESENTATIONS

International

1. Youssef Y, Lindenauer PK, Pekow P, White KO, Mazor KM, Roberts J, **Goff SL**. May 2014. *What matters to low-income women when choosing a pediatrician?* Poster presentation at the Pediatric Academic Society Annual Meeting. Vancouver, BC.
2. Wu K, Friderici J, **Goff SL**. October 2012. *The impact of a palliative care team on residents' experiences and comfort levels with pediatric palliative care*. Poster presentation 19th International Congress on Palliative Care, Montreal Canada.
3. **Goff SL**, Mazor KM, Gagne S, Corey KC, Blake D. April 2010. *Human papilloma virus vaccine counseling: A mixed-methods analysis of patient-provider encounters involving vaccine discussion*. Poster presented by co-author at the Society for Adolescent Health and Medicine Annual Meeting, Toronto, Canada.

National

1. Kranz AR, Gahlon G, O'Neil B, Dick AW, **Goff SL**, Whaley C, Geissler K. *Preventive Oral Health Services during Medical Visits Among Privately-Insured Children in 4 New England States*. AcademyHealth. Accepted March 2021.
2. Kranz AR, Gahlon G, O'Neil B, Dick AW, **Goff SL**, Whaley C, Geissler K. *Fluoride Varnish During Medical Visits Among Privately-Insured Children in 4 New England States*. National Oral Health Conference. Accepted March, 2021.
3. Attanasio L,[†] DaCosta M,[§] Kleppel R, Govantes T, Sankey H, **Goff SL**. December 2020. *Implementing a new hospital-based doula program to reduce disparities in perinatal health outcomes: Identifying women's needs*. NIH/AcademyHealth D&I National Conference.

Research Mentorship - Residents

- 2020 Keith Reisinger-Kindle, MD, MPH,* OB-GYN Resident, Faculty Research Mentor, Telehealth and Prenatal Care During COVID-19 Pandemic (under review).
University of Massachusetts Medical School - Baystate, Springfield, MA
- 2014-16 Eng Keong Tan, MD,* Internal Medicine Resident, Faculty Research Mentor, University of Massachusetts Medical School - Baystate, Springfield, MA
- 2014-15 Anita Mulye, MD, Internal Medicine Resident, University of Massachusetts Medical School - Baystate, Springfield, MA
- 2013-17 Kathryn Jobbins, MD Internal Medicine Chief Resident, Faculty Research Mentor, University of Massachusetts Medical School - Baystate, Springfield, MA
- 2013-15 Auras Atreya, MD,* Internal Medicine Resident, Faculty Mentor, Cardiovascular Disease Fellow, University of Massachusetts Medical School - Baystate, Springfield, MA
- 2013-15 Sora Al Rowas, MD,* Internal Medicine Resident, Faculty Research Co-Mentor, University of Massachusetts Medical School - Baystate, Springfield, MA
- 2013-14 Kelly Wu, MD,* Internal Medicine/Pediatrics Resident, Faculty Research Mentor, University of Massachusetts Medical School - Baystate, Springfield, MA
- 2009-11 Brian Prystkowsky, MD, Pediatric Resident, Faculty Research Mentor. University of Massachusetts Medical School - Baystate, Springfield, MA.
- *Research published in peer-reviewed journal or pending publication

Curriculum Development and Courses Taught - University of Massachusetts

- Spring 2020 PH450-02 Comparative Health Care Systems - Cuba Study Abroad - Developed a new undergraduate course which I then converted to fully remote course due to COVID-19 pandemic.
- Fall 2019 Developed a new independent study for graduate students in Dissemination and Implementation Science, taught in Fall 2019 and Spring 2021; plan to teach as full course AY 2022-23
- Fall 2019 HPP490M The Opioid Epidemic – Developed a new undergraduate elective. Taught in Fall of 2019 and 2020.
- Spring 2019 HPP621 Healthcare Organization and Administration. Taught established core graduate course.

Curriculum Development and Courses Taught - Clinical

- 2008-10 3rd Year Pediatric Clerkship: Taught third-year medical students during outpatient pediatric clinic sessions, University of Massachusetts Medical School - Baystate
- 2008-10 3rd Year Clerkship Ethics and Professionalism: Developed six video vignettes for use in Tufts Medical Student third-year ethics and curriculum (funded by Tufts Innovation in Medical Education grant), Tufts University
- 2007-12 Pediatric Weight Management: Taught second-year residents in pediatric weight management program during the Adolescent Medicine rotation

- 2007-11 Precepted pediatric and Med-Ped residents during Monday evening urgent care session, 3300 Main Street Practice, Baystate Medical Center
- 2007-10 Culture Society and Health
Developed and coordinated second-year Pediatric Resident Community Medicine month. The rotation's objective was to increase awareness of social determinants of health and community resources available to patients in Springfield, MA.
