LLCA Summer Internship Program

Summary
Great opportunity to work with certified SLPs to complete clinical observation hours and support day-to-day operations at our state of the art learning center. Exact responsibilities will be determined by your supervisor based on current projects. Efforts will be made to provide experiences that match the intern’s interests whenever possible. Responsibilities may include (but are not limited to):

- Observing evaluations and therapy sessions and assisting with data collection
- Programming SGDs and apps under the supervision of a licensed SLP
- Creating low-tech materials
- Attending research and clinical meetings
- Assisting with research projects (e.g., making stimulus materials, performing literature reviews, scoring video data, compiling data into charts and graphs)
- Creating or editing educational materials for families and schools
- Participating in marketing efforts and community outreach
- Planning and attending events

Hours
Flexible, ~20-30hrs/week, determined by supervisor
Possible weekend/evening hours depending on events

Requirements
- Must be a motivated sophomore, junior, or senior pursuing a degree in communication disorders or a related program
- Must have an interest in autism and developmental disorders, interest in AAC is a bonus

Location
Interns will work primarily in our office at 30 Washington St. Suite 300, Wellesley, MA.
Some work may be done off-site with approval from a supervisor.

Dates
June 1, 2016 - Aug. 5, 2016

Compensation
Unpaid internship
