UWN ~ ZOOM

Gardening-Pollinators

**Flowering Trees and Shrubs Provide Important Early Forage Resources
for Diverse Communities of Native Bees**

May 21st, 2020 at 12:00pm

Please join us for an important topic- Pollinators. **Joan Milam** is a wildlife biologist and adjunct research scientist in the Department of Environmental Conservation at the University of Massachusetts – Amherst. Joan will talk about the importance of planting a wide range of blossoming trees, shrubs, and flowering plants that can help support native bees.

A Zoom link will be forwarded to all UWN members.
