Massachusetts Wind Working Group: Mission

- **Promote** smart and successful wind energy development in the Commonwealth of Massachusetts
- **Identify barriers** and opportunities related to the development of wind energy.
- Develop a **strategic plan** to support the creation of good wind projects.
- Promote the **public understanding** of modern wind power, and its benefits and impacts
- Create linkages between wind energy and other sectors to foster **job creation** and **economic development** in Massachusetts

Logistics

- Please drop your nametags in the box on your way out & we'll re-use them at the next meeting.
- Attendance at these meetings is **public record** – your name will be included in the minutes on the web.
- Your contact information is **not** public record; however, we will distribute a contact list among attendees only. If you do not want your contact information distributed among attendees, please tell me by tomorrow. Sally Wright, swright@erl.org, 413-545-3914

MWWG Subcommittees
