Jim	Manwell	Renewable Energy Research Laboratory, UMass, Amherst
Amy	LeGere	Southwest Wind Power
Jack	Wiggin	Urban Harbors Institute, UMass Boston

## Minutes

1. Larry Flowers of Wind Powering America spoke to the group via phone about Wind Powering America's State Wind Working Groups.
2. A draft mission statement and scope of involvement was discussed:

### Mission:

- Promote smart and successful wind energy development in the Commonwealth of Massachusetts
- Identify barriers and opportunities related to the development of wind energy.
- Develop a strategic plan to overcome barriers.
- Promote the public understanding of modern wind power, and its benefits and impacts
- Create new wind-energy-related jobs and economic development opportunities in Massachusetts

Comments, editing, and additions to this mission are welcome. The mission statement will be finalized at the next meeting.

### Scope:

Both small (residential/farm), and community and commercial-scale projects are included.

3. Next meeting:

Location: MTC offices in Westborough

Date: a date will be chosen, and potential participants will be informed.

Time: 3 pm
